Its chambers are simply incredible. The highest chamber, reaching 54 metres, is known as the Cathedral and, with its incredible acoustic capabilities, has provided the setting for many underground concerts. At certain times, Lucas Cave will be replaced with a visit to Imperial Cave. Before heading back to the city, you simply must take in the beauty of the Blue Lake. This gorgeous sight is the result of mineral laden water seeping through the limestone caves. When cast in sunlight, the lake takes on the most captivating vivid blue colour. Definitely a great photo opportunity! **OR**
